Student Analytical Report

Skill-based Strength and Areas of Improvement analysis :

Your Strengths:

Application of Functional Grammar: This skill tests the student's knowledge of functional grammar and their ability to apply it in various situations. The focus of this skill is on the communicative aspect of the language. You have demonstrated intelligence by correctly applying the concepts of functional grammar in different contexts.

Correct usage and Concept application: This skill helps us to know whether you can apply various grammar topics and use your knowledge contextually. You are well versed and thorough with almost all grammar concepts and have been smart enough to apply them effectively.

Identifying the theme or purpose of the passage: This skill is based on Reading Comprehension, it helps us to know whether you are able to exactly point out a certain statement or issue as the central idea of a passage, story, report or a poem. Identifying the theme is your strength. You have been clever enough and have exercised accurate judgment in identifying the theme.

Inferring and Identifying implied ideas: Many a times ideas and thoughts are not explicitly stated. There may be certain hints in a passage leading to a certain idea which is not directly given in the passage. You were smart enough to infer and identify such implied ideas.

Reasoning ability and Deducing: Reasoning ability, as the name suggests tests your ability to reason and arrive at a logical conclusion and inferences that are also in cohesion with the ideas in a passage. It is a very good ability in you and you have answered almost all questions based on this skill correctly.

Extracting information and direct facts: This skill tests whether the child can pin point exact details and information from different media such as reports, advertisements, comic strips, etc. This skill is your strength and you have exhibited intelligence and have successfully been able to answer questions based on this skill correctly.

Punctuation and Sentence formation: Though punctuation may seem a minor grammar concept, it's unsuitable use or lack of it's usage can totally transform the meaning of a sentence or an idea. You are well aware of the usage of punctuation symbol and can also restructure sentences that are incorrectly framed.

Your Areas of Improvement:

Word building and Spelling: This skill deals with a student's ability to scramble, unscramble, create, modify spellings and words and make anagrams. You require more practice to master this skill.

Vocabulary in different context: This skill not just tests how vast your vocabulary is but also helps us determine how effectively you use the same word differently. You have also been unable to understand other aspects associated with a particular word. You should work on expanding your vocabulary.

Educators' Experience with NELTAS

Dr. Jacqueline Mahadik (Principal)

Prarthana English School (CBSE Board), Mumbai, Maharashtra

"It has been a wonderful experience collaborating with Team NELTAS for the Assessment Round 2025-26. The entire process, from coordination to execution was seamless and well-organized.

A special word of appreciation to Ms. Shankey for her constant support, timely communication, and professional approach that made the process smooth and efficient.

The assessment content was thoughtfully designed, encouraging students to think critically and apply their learning effectively."

Amruta Teli (Coordinator)

Sanskar English Medium school (State Board), Jalgaon, Maharashtra

"Our experience of conducting the NELTAS exam assessment round in our school was very positive. The exam process was smooth and well-structured. Students were enthusiastic and prepared, which made the environment encouraging. As a teacher, I felt proud to see their confidence and hard work. The assessment helped me understand their language skills better and identify areas where they need support. Overall, it was a meaningful and organized experience that contributed to students' academic growth."

Carmine Fernandes (Coordinator)

Rejoice International School (IGCSE Board), Mumbai, Maharashtra

"It has been a pleasure collaborating with Team NELTAS. The overall experience from coordination to content delivery has been smooth and well-organized. The assessment process was systematic, and the support provided throughout made the execution effortless.

Thank you for your constant communication and cooperation. We truly appreciate the professionalism and efficiency shown by your team."

Vishwanath (Coordinator)

Warriors English School (ICSE Board), Chitradurga, Karnataka

"The Questions were clear and concise. The Paper covered all the important topics from the syllabus and balanced distribution of difficulty levels. The mix of conceptual, application-based questions encouraged critical thinking among our students.

Our experience with NELTAS has been nice so far, all our doubts have been addressed immediately. The Assessment Round Model Question Papers also gave us a clear preview of how the NELTAS International Examination is conducted and its benefits."

What Parents Say About NELTAS

Parent of Tvesa Anand Iyer
NELTAS Student 2024-25

"I think it's a great thing. I would like to see NELTAS happening in school year after year and it is helping my child in her studies. To all the parents, I would like to say that it's a 'great way to make your child's school studies easier and less stressful. Even if the 'Rank' maybe not be the goal, but it will really help them in their career as they do this."

Parent of Reet Sodani
NELTAS Student 2025-26

"My intention behind enrolling her in competitive exams is to help her explore more at this age rather than limiting herself to her current activities. The NELTAS syllabus has been a helpful addition for her. It has allowed her to study, understand concepts better, and get clearer knowledge of the subject topics."

Student Experiences

Anas Sheikh
NELTAS Student 2025-26

"The overall experience with this exam was fantastic. There were easy and tricky questions and some questions helped me think deeply and that's what I loved the most about it."

Aarav Dinesh Nimkar
NELTAS Student 2025-26

"Participating in the NELTAS Exams have made me more confident and have made me want to try harder in other competitive exams as well."
